☐ Practical Exercise

Assume Vishnu Institute uses Salesforce.

Design 5 reports.

Examples:

1. Student Attendance Report
2. Placement Status Report
3. Faculty Workload Report
4. Internship Tracking Report
5. Student Performance Report

For each report answer:

- What data is needed?
 - Who will view it?
 - How often should it be refreshed?
-

☐ Dashboard Design Exercise

Design ONE dashboard for:

Principal Dashboard

Include:

- Total Students
- Placement Percentage
- Internship Count
- Attendance Statistics
- Department-wise Performance

Draw a rough sketch.

☐ Enterprise Thinking Exercise

Suppose the Principal sees:

- Attendance dropping
- Placements decreasing
- Internship participation low

How can dashboards help management make decisions?

Write at least 10 observations.

☐ **End of Day Outcome**

You should now understand:

- ☐ Reports
- ☐ Dashboards
- ☐ Business Analytics
- ☐ KPI Tracking
- ☐ Management Reporting
- ☐ How Salesforce supports decision making

This is one of the most important topics for Salesforce Administrators because management rarely looks directly at records—they look at reports and dashboards.
